*Our mission is to reliably deliver superior quality, uniformity and service through strategic investments in our products, processes and people.*

### Mennel Facts:

The Mennel Milling Company is a progressive company with a rich history. With over 130 years of experience in the flour milling industry, Mennel has recently grown to include other strategic business ventures with over 30 sites in 6 states. This growth has been guided by the vision and leadership of the Mennel family, now in its fifth generation, as well as the hearts and hands of over 600 dedicated employees.

Today, Mennel is made up of 6 state-of-the-art flour mills; 13 country grain elevators; 3 trucking divisions; 2 bakery mix facilities; a popcorn plant; and several other service-centered businesses.

While you won't see a bag of Mennel flour on the local grocery store shelf, our products are widely used commercially and by nationally-known companies as well as independent bakers. Mennel flours are in many cake mixes, cookies snack crackers, breading, batters, gravies, soups, ice cream cones, pretzels, oriental noodles, and regionally-branded breads.

Additionally, Mennel flour and bakery mix is used by major branded food companies and popular restaurant chains and like our locally-grown popcorn, we distribute our products around the globe.

*"Anchored by our 130-year-old core values - Quality. Uniformity. Service. Mennel is committed to always bringing you our best. You can trust our history, and look forward to our future."*
