Infestation:

Will accept wheat with maximum 1 live or 4 dead weevil or insects injurious to grain, including confused grain beetle (bran bugs).

Milling Quality:

Wheat of other and/or contrasting classes blended into specified wheat is subject to rejection. Wheat containing any residues of ethylene dibromide (EDB), ethylene dichloride (EDC), or carbon tetrachloride (CC14), will be rejected upon detection. Off quality wheat such as: smutty, heat damage, garlicky, musty, sour, off-odor, treated, sick, insect damage kernels, adulterated, and/or contaminated, etc. are subject to market discounts or rejection.

All wheat supplied must be milling quality by Mennel Milling standards and pass FDA inspection

Appropriate FDA clean out procedures must have been followed on trailers that have transported animal protein products, or other hazardous materials, prior to delivery of wheat.
